Turning wild ideas into real adventures

HL Adventure

Map of Iceland

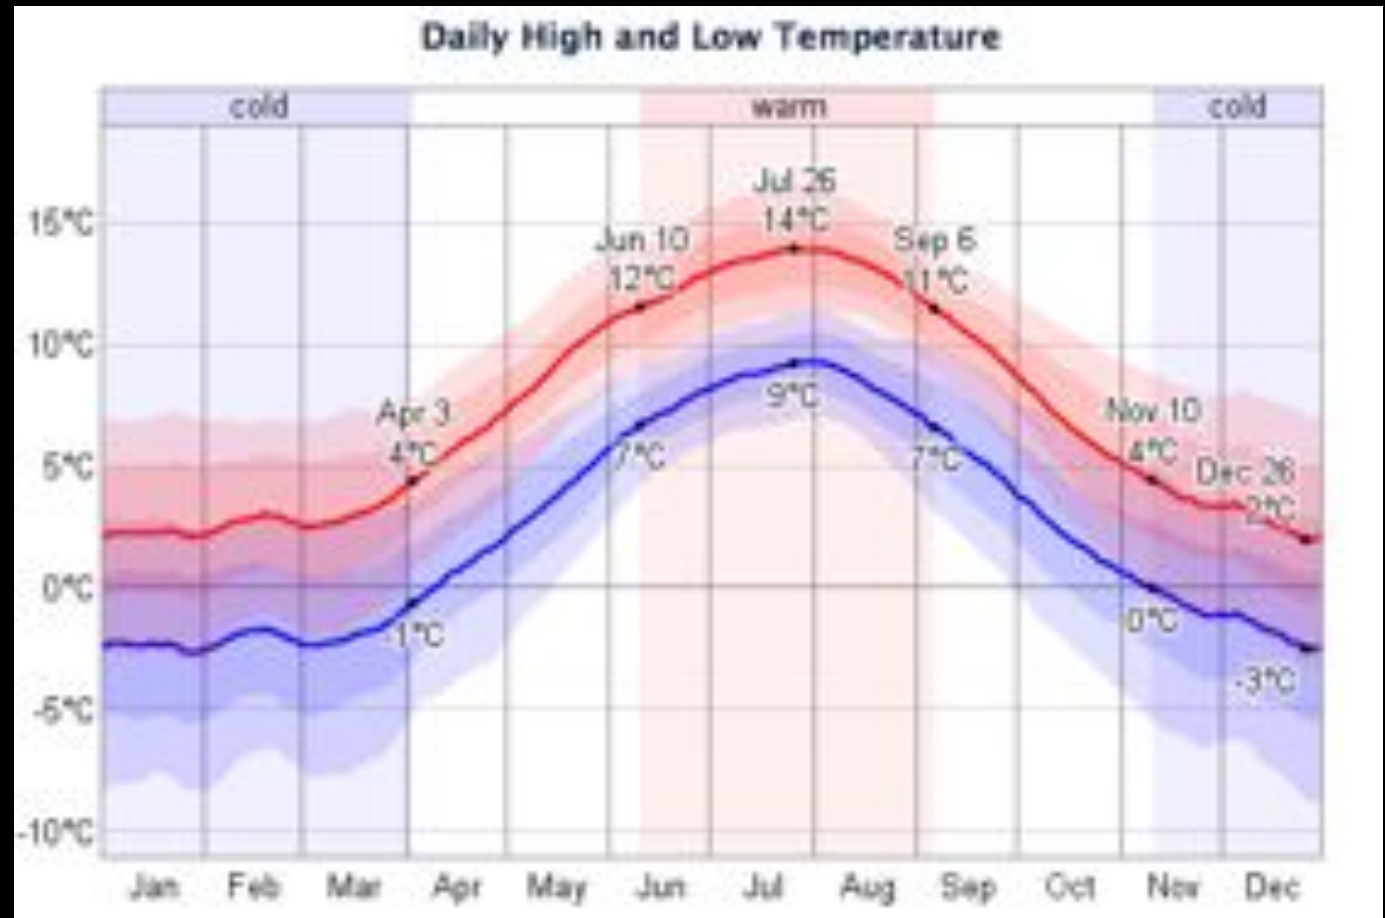

Daily high and low temperature

Over the course of the year, temperature typically varies from -3°C to 14°C and is rarely below -9°C or above 17°C

The “warm season” lasts from June 10 to September 6 with an average daily high temperature above 12°C .

The “cold season” lasts from November 10 to April 3 with an average daily high temperature below 4°C .

Daily hours of daylight and twilight

The length of the day varies significantly over the course of the year. The shortest day is December 21 with 4:08 hours of daylight and the longest day is June 20 with 21:11 hours of daylight.

What we do

For companies we organize **incentive**, test drives, product launches, conferences and events that most people can only dream of.

We also tailor make **luxury adventures**, speciality trips and **expeditions** for individuals and groups who like to travel in a different way.

With us, your next motivational event could be completely different, fully professional and in a **breathtaking** location.
