

We suggest a memorable experience in the Templar city where you can feel the mystique of the history of Portugal.

The Templars were a Christian military order that played an important role in the great battles of Europe during the Middle Ages.

During the 13th century, Tomar was one of the most influential cities on the Iberian Peninsula, being the religious home of the Knights Templar.

This secretive and powerful religious order was based in the *Convento de Cristo*, and this expansive religious complex is regarded as one of Portugal's finest national monuments.

Castelo de Almourol is a must-do! A magical fortress, dramatically set on a marble-sized island in the Tagus River.

Don't miss:

- In Tomar, visit the church of Santa Maria do Olival, also related to the Templar theme
- Also in Tomar, a walk around the Mata Nacional dos Sete Montes (Seven Hills National Forest) that surrounds the castle, with a summer house called "The Charolinha"
- The sweet typical pastry
